# Practical Application of the Forensic Experiential Trauma Interview

## What is FETI®?

Certified FETI® is the founding and governing body of the official Forensic Experiential Trauma Interview, a science and practice-based interviewing methodology informed by the latest research on the neurobiology of trauma and memory.

The Forensic Experiential Trauma Interview (FETI®) provides interviewers with a science-informed interviewing framework that maximizes opportunities for information collection and accurately documents the participant's experience in a neutral, equitable, and fair manner.

## About the Course

In the in-person Practical Application of the Forensic Experiential Trauma Interview course you will apply and practice the elements of the FETI Methodology – both as a facilitator and participant of an interview.

This three-day classroom experience includes live examples of FETI interviews, guided interview instruction and practice, and interactive instructor feedback.

Additionally, you will participate in a confidential Personal Experience Interview™ facilitated by a Certified FETI® Practitioner.

### PREREQUISITE TO THIS COURSE

The FETI Methodology Course (Online) or the Introduction to FETI Course (In-person) must be completed prior to attending this event.
